

POWER, COMFORT AND EFFICIENCY IN MOTION

THE BOBCAT G35S-7 IC PNEUMATIC FORKLIFT

The Bobcat® G35S-7 IC pneumatic forklift delivers powerful performance and generous lift capacity in a wide variety of environments, from challenging lumberyard conditions to the rugged terrain of scrap metal yards. Designed with enhanced comfort and easily accessible components, it's made to boost productivity while minimizing operator fatigue.

Operator Sensing System (OSS)

For increased safety during operation, the OSS automatically stops all truck movement and locks most functions when the operator leaves the seat.

Standard Safety Features

Standard features like a strobe light, backup alarm, side mirrors and seatbelt sensor offer increased safety and ease of operation.

Get Home Mode

Get Home Mode protects the vehicle from extreme transmission oil and engine coolant temperatures, preventing potential damage to crucial components in the event of overheating.

3-Point Entry and Exit System

Three separate points of contact – a handrail along the mast, a seat armrest and a large anti-slip step plate – make it easy for the operator to enter and exit the vehicle.

Easy Access to Service Areas

Servicing the vehicle is easy thanks to tool-free floor plates and a spring lock that automatically engages when the engine cover is raised.

Well-Placed LED Display

A large, bright LED display continuously monitors all vital systems to keep the operator informed of truck performance and health.

Shift Pro-Tek Transmission

Make quick shuttle applications a breeze with the market-proven Shift Pro-Tek transmission, which allows you to shift on the fly at up to 5 mph.

Industry-Proven LP Engines

LP engines provide excellent power, performance, fuel economy and durability, along with low noise and vibration.

Oil-Cooled Disc Brakes

This best-in-class braking system provides superior, long-lasting stopping power and is backed by a five-year or 10,000-working-hour warranty.

Robust Hydrostatic Steer Axle

With fewer moving parts, the hydrostatic steer axle provides low-effort steering with easy maintenance and a longer service life.

Dual Element Air Cleaner

A dual element air cleaner offers added protection to the engine's air intake, extending engine life and reducing maintenance costs.

SPECIFICATIONS		G35S-7
Capacity		8000 lb. (3655 kg)
Load Center		24.0 in. (600 mm)
Drive		LPG/Dual
Battery Voltage/Normal Capacity		12V (75 Ah)
Engine Power (DIN ISO1585)		92.5 hp (69.0 kW)
Operator Type		Seated
Service Brake		Foot/Hydraulic
Travel Speed: Loaded/Unloaded		12.4 mph (20.0 km/hr.) / 13.0 mph (21.0 km/hr.)
Lifting Speed: Loaded/Unloaded		98.0 fpm (0.50 m/s) / 106.0 fpm (0.54 m/s)
Lowering Speed: Loaded/Unloaded		95.0 fpm (0.48 m/s) / 89.0 fpm (0.45 m/s)
Max. Drawbar Pull: Loaded/Unloaded		7810 lb. (34,740 N)
Max. Gradeability: Loaded/Unloaded		41.3% / 73.4%
Tire Type		Pneumatic
Wheels, Load/Caster (x=Drive)		x2/2
Tire Size (Front)		S: 8.25 x 15.0-14.0 in. (D: 7.50 x 16.0-12.0 in.)
Tire Size (Rear)		7.0 x 12.0-12.0 in.
Tread Width (Front)		44.8 in. (1138 mm) / 50.8 in. (1290 mm)
Tread Width (Rear)		43.9 in. (1115 mm)
Service Weight		12,765 lb. (5790 kg)
Axle Load at Loaded (Front/Rear)		18,111 lb. (8215 kg) / 2370 lb. (1075 kg)
Axle Load at Unloaded (Front/Rear)		5919 lb. (2685 kg) / 6845 lb. (3105 kg)
Mast Lowered Height		88.0 in. (2225 mm)
Mast Extended Height		167.9 in. (4265 mm)
Overhead Guard Height		87.6 in. (2225 mm)
Wheelbase		78.7 in. (2000 mm)
Length to Forkface		123.0 in. (3155 mm)
Overall Length		164.3 in. (4173 mm)
Overall Width		54.0 in. (1372 mm)
Ground Clearance, Loaded (Below Mast)		5.9 in. (150 mm)
Outside Turning Radius		110.0 in. (2782 mm)
Tilt Angle Forward/Backward		8°/10°
Fork Size (T x W x L)		2.0 x 5.9 x 41.3 in. (50 x 150 x 1050 mm)
